## Declaration of Water-Conserving Plumbing Fixtures

I, Rodney Holland the owner/contractor of 55 Loring Avenue  
(print name) (project address)

declare under penalty of perjury that, pursuant to the requirements of Sections 1101.1-8 of the Civil Code of the State of California, I have installed and/or do maintain the plumbing fixtures in this residence in conformance with the requirements of the aforesaid statute.

The following fixtures were compliant prior to the completion of the permitted project described as: 55 Loring Remodel under Permit No. \_\_\_\_\_  
(project description) (number)

I certify all the plumbing fixtures in this residence are water-conserving such that:

1. Any toilet in this residence does not use more than 1.6 gallons of water per flush;
2. Any urinal in this residence does not use more than one gallon of water per flush;
3. Any showerhead in this residence does not have a flow capacity of more than 2.5 gallons of water per minute; and
4. Any interior faucet does not emit more than 2.2 gallons of water per minute.

Please check one:

☒ This residence was built and available for occupancy on or before January 1, 1994 and new water-conserving fixtures were installed recently or in the past which comply with the above standards.

☐ This residence was built and available for occupancy after January 1, 1994 and the water-conserving fixtures installed at the time of construction were and have been maintained in compliance with the above standards.
